Sportsmanship's **10 Commandments**

1. "Golden Rule" – Do unto others as you would have others do unto you.
2. Enjoy yourself and promote enjoyment for others.
3. Be responsible for your actions.
4. Have an open mind to others' weaknesses and have a forgiving attitude.
5. Have pride in one's performance and one's school.
6. Be a friend, not an enemy, and create a positive environment.
7. Encourage others to do or be their best.
8. Sportsmanship should be contagious.
9. Remember it is a privilege to participate.
10. Practice sportsmanship in all situations at all costs.

Sportsmanship Takes Teamwork!

*** Sportsmanship is not only teamwork and good behavior, but how you respectfully handle and take care of your animals. Make sure you are treating your animals with respect and good care. Remember – you are a role model for 4-H!**

**2009 FAIR SEASON
ANIMAL HEALTH REQUIREMENTS**

FAIR INSPECTION PROCEDURES

Beginning with the 2001 fair season, county fair officials are responsible for reviewing all certificates of veterinary inspection (CVI) for compliance with state regulations and for verifying individual identification of exhibited animals presented on a valid CVI. (Currently, a CVI is required for cattle, sheep, goats, swine, deer, llamas, monkeys, elephants and miscellaneous ruminants.) The county fair official is responsible for rejecting any animal that does not meet the documentation requirements or is not properly identified. A rejection document must be issued for all rejections. The county fair official must sign and date all satisfactory CVI's.

Division of Animal Industry (DAI) veterinarians and veterinary technicians are responsible for conducting an animal health inspection of all animals at the fair with the exception of horses. (see below) The initial inspection will be conducted at or shortly after the arrival of the animals. Specific animal arrival and inspection schedules must be established and adhered to.

Daily walk-through inspections will be conducted by DAI personnel. Fair officials are responsible for bringing any animal health concerns to the attention of the DAI veterinarian.

Horse show personnel are responsible for reviewing EIA and rabies vaccination documentation for all horses entering the grounds and completing the horse show report supplied by DAI. Any equine health concerns must be reported to DAI personnel.

BIRDS

- A) **Pullorum – Typhoid** – For poultry (**doves, pigeons & waterfowl are exempt**), certification that a negative pullorum typhoid test has been conducted within 90 days of the fair OR certification that the birds originate directly from a US pullorum-typhoid clean flock or a flock which has had an official test in the previous **two years**.

It is recommended that you consult with a veterinarian or avian specialist about vaccinating poultry against infectious laryngotracheitis (ILT).

WHY EXHIBIT?

The Purpose of 4-H Fair Exhibits Are:

1. To show the people of Franklin County what good work you do. **Therefore:** Make sure you have done all work exhibited.
2. To help you see what you need to do to improve your work and to see what areas you excel in. The written and oral comments of qualified, but impartial, judges are important. Be sure you understand them. **Therefore:** Win without bragging; don't complain about your placing, and obey the rules.
3. Exhibiting was designed to be an enjoyable educational activity and not a contest. **Therefore:** Avoid exhibiting just to see how much you can win.
4. Exhibits give older youth an opportunity to help as Teen Presenters and to show the public the pride and interest they have in 4-H. **Therefore:** Why not send your name to the 4-H Office and volunteer as a Teen Presenter?

PREMIUMS AND AWARDS

1. All youth exhibits are judged by the **Danish Awards System**. This means that the exhibit is judged against a **standard of perfection** rather than the other exhibits in that class. Under the Danish System, exhibits are placed as Blue (Excellent), Red (Good), White (Worthy), and no award (Needs Improvement).

2. All award amounts are dependent on support funding and may be cut as funding is decreased.
